Congratulations, you have won **N3FJP's Software Package!** This software package features **Amateur Contact Log**, which is a powerful, very easy to use general logging program, as well as more than one hundred **contest specific applications**, used by avid testers since 1997! N3FJP never charges annual or maintenance costs of any kind and upgrades are free to registered users, so you are set with N3FJP Software for life! Please visit **www.n3fjp.com** for more details!

To claim your prize registrations, send an e-mail to the above address and include your name, call sign and the prize number above. I will send the password registrations of all my amateur radio programs to you via e-mail. You can then download the programs from my website at your leisure. I'm looking forward to hearing from you!
